OFFICERS AND INVIGILATORS**

# NOTES FOR THE GUIDANCE OF EXAMINATIONS OFFICERS AND INVIGILATORS

## CONTENTS

<b>Paragraph</b>		<b>Page</b>
1.	General	3
2.	Documentation and Materials	3
3.	Labels addressed to the Examiners	3
4.	Question Papers	4
5.	Attendance Registers	4
6.	After the Examination	5
7.	Absence of Candidates	5
8.	Timetable Variations	5
9.	Transferred Candidates	6
10.	Suspected Malpractice in Examinations/Coursework	6
11.	Conducting an Examination at an Alternative Site	6
12.	Centre Consortium Arrangements for Centre-Assessed Work	6
Appendix A	Stationery Requirements	

## 1. GENERAL

These Notes for Guidance should be read in conjunction with the 'Instructions for the Conduct of Examinations' 1 September 2003 to 31 August 2004 issued by the Joint Council for General Qualifications (JCGQ).

## 2. DOCUMENTATION AND MATERIALS

### 2.1 Stationery

2.1.1 Please contact the Edexcel Customer Service Team 0870 240 9800 with any queries relating to examination stationery and materials.

2.1.2 The stationery required will be sent direct from the suppliers or from Edexcel at least seven days before the examination is due to begin. Any enquiry relating to the materials should be addressed to Logistics, Edexcel, Stewart House, 32 Russell Square, London WC1B 5DN.

2.1.3 Common Stationery Codes for the May/June 2004 examinations are as follows:

Description	Code
4-page answer book	AB04
8-page answer book	AB08
12-page answer book	AB12
Drawing paper	AB13
16-page answer book	AB16
Additional answer sheet (lined)	ASL1
Graph paper 2mm	ASG2
Manuscript paper	ASMM

2.1.4 Other examination stationery specific to Edexcel, for use in the 2004 examinations, is as follows:

Description	Code
Formulae and Statistical Tables	LILAC FB

2.1.5 The stationery and other essential materials required for a subject/paper are shown on the front of each question paper and are listed at Appendix A of this booklet. Centres must ensure that the correct materials are available at the time of the examination. Although additional answer sheets and treasury tags may not be specified for a number of papers, it is advisable that, for all papers, invigilators should have a supply of each available in case candidates should require them.

2.1.6 The Mathematical Formulae Booklets (Lilac) for use in Mathematics subjects are to be retained at the centre between one examination and the next and should be kept in a secure cupboard when not in use. They should be inspected each time they are issued to ensure that they have not been annotated or defaced.

### 2.2 Script Envelopes

The envelopes for the despatch of scripts to examiners will be sent to you with the stationery items listed above.

## 3. LABELS ADDRESSED TO THE EXAMINERS

The address labels for the despatch of scripts to the examiners are attached to the attendance registers. The labels are self-adhesive and will be arranged in timetable order and it may be necessary to send them to centres in more than one batch.

#### **4. QUESTION PAPERS**

- 4.1 Question papers will be despatched to arrive not less than one week before they are needed. They may be sent in more than one batch, in which case details of the despatch arrangements will accompany the first parcel.
- 4.2 All packets of question papers should be checked immediately on receipt to ensure that the correct papers and sufficient copies of them have been received. Where optional papers are involved it is particularly important to check that papers for the correct option(s) have been received.
- 4.3 Although additional answer sheets and treasury tags may not be specified for a number of papers, it is essential that, for all papers, invigilators have a supply of each available in case candidates should require them.
- 4.4 Practical tests in science subjects
  - 4.4.1 Upon the arrival of the packets containing the instructions to supervisors and a copy of the question paper, arrangements should be made for the subject teacher to see the instructions so that the necessary preparations for the test may be made. The teacher must treat the information that is seen in advance of the test in the strictest confidence. The Head of Centre must ensure that a system for recording the removal and return of any materials from the main question paper store is operated throughout the time such materials is confidential. Under no circumstances may instructions and/or the question papers be removed from the school or college premises. Afterwards, the question papers and instructions must be kept in a locked safe or other secure place on the school or college premises until all the tests have been taken.
  - 4.4.2 Heads of Departments are very strongly advised to draw up any programmes of revision for the practical tests well before the instructions are received. These programmes should be issued to all candidates and it should be made clear that the inclusion of particular topics in the programmes does not provide any information about whether they will or will not appear in the practical tests themselves.
  - 4.4.3 Each science practical test may be used more than once on its appointed day provided that the candidates involved are kept under supervision as necessary. No communication must be allowed between candidates in the several sessions or between them and others sitting elsewhere.

#### **5. ATTENDANCE REGISTERS**

- 5.1 The attendance registers will list every candidate entered by the centre for every part of the appropriate subject. For coursework components, the Optically Read Teacher-Examiner Mark Sheets (OPTEMS) will also serve as attendance registers.
- 5.2 Half an hour after the start of a session, the invigilator is to use the attendance register to indicate the presence of candidates at the examination by marking a bubble with an HB pencil in the box 'P' for 'present', or 'A' for 'absent' or 'withdrawn'. Detailed instructions are given on the form.
- 5.3 If a candidate is not shown on the attendance register but has been granted permission by Edexcel to sit the examination, he or she is to be entered in the next available space on the sheet. An additional candidate must not in any circumstances be substituted for one shown on the attendance register but subsequently withdrawn.
- 5.4 If Edexcel has accepted the entry of a candidate who is not listed and the candidate is absent from the examination, that candidate's name and number must still be entered on the attendance register and a bubble marked with an HB pencil in the box marked

'absent'. Any candidate who has not been added to the attendance register, and for whom no script is received, will automatically be assumed to have been absent from the examination.

5.5 If a candidate has officially withdrawn from a paper or subject and the centre has received confirmation of the withdrawal from Edexcel but the candidate is shown on the attendance register, the invigilator should cross through the candidate number and name of the individual concerned. Unofficial withdrawals should be treated as absentees.

5.6 The top two copies of the attendance register are to be sent to Edexcel with the corresponding scripts. The third copy of the attendance register is to be retained by the centre until after the results have been issued. If all the candidates are absent, the attendance register must still be completed and forwarded to the address provided.

## **6. AFTER THE EXAMINATION**

6.1 Special envelopes for the despatch of scripts to Edexcel will be sent to you in advance of the examinations. It is essential that these envelopes be used for the despatch of scripts to Edexcel.

6.2 The addressed labels for the despatch of scripts to Edexcel are attached to the attendance registers. The labels are self-adhesive and will be arranged in timetable order.

## **7. ABSENCE OF CANDIDATES**

7.1 A candidate who is absent from part of an examination will be issued a grade appropriate to the aggregate mark achieved in the subject, counting zero for the component(s) missed.

7.2 A GCE grade issued in cases where the candidate was absent without an acceptable reason will be indicated on the results notification and on the certificate by the symbol # next to the subject grade and a note to explain that the grade was awarded on incomplete examination evidence.

7.3 In cases where there is an acceptable reason for a candidate's absence from part of an examination e.g., through illness or misfortune, and the centre makes a specific request, special consideration will be given to the candidate and may compensate for the missed component(s) provided that the minimum requirement for an aegrotat has been met.

7.4 Form JCGQ/SC, together with a medical certificate where appropriate, should be submitted to Examination Services, Edexcel International, Room 221, Stewart House, 32 Russell Square, London WC1B 5DN, at the time of the examination.

7.5 Requests for special consideration on behalf of candidates who have been absent from all parts of an examination will not be considered.

7.6 A candidate's entry may be withdrawn if a written request is received up to 14 days prior to the publication of results. The entry of a candidate subject to investigation for malpractice or disqualification may not be withdrawn.

## **8. TIMETABLE VARIATIONS**

Please see paragraphs 2.1 to 2.8 in the 'Instructions for the Conduct of Examinations', issued by the Joint Council for General Qualifications, for information concerning timetable variations and the overnight supervision of candidates.

## **9. TRANSFERRED CANDIDATES**

- 9.1 When a candidate is unable to sit an examination at his/her centre of entry, and arrangements have been made for the examination to take place at an alternative registered centre, the Transferred Candidates Application Form (JCGQ/TC), issued by the Joint Council for General Qualifications, should be completed by both centres. Please see the 'Guidance Notes Concerning Transferred Candidates' (JCGQ/TC Notes) before completing the form.
- 9.2 Applications for transferred candidates should be submitted to Examination Services, Edexcel, Room 221, Stewart House, 32 Russell Square, London WC1B 5DN.
- 9.3 Edexcel will send question papers, together with ancillary documents and materials to the "host" centre, if necessary. Where extra papers are required, fees for this service will be charged as follows:
- ❖ £15 per paper (or £30 per paper if the request is received within six weeks of the start of each examination series) when a candidate sits at a "host" centre within the United Kingdom.
  - ❖ £30 per paper (or £60 per paper if the request is received within six weeks of the start of each examination series) when a candidate sits at a "host" centre outside the United Kingdom.
- 9.4 Candidate transfer arrangements apply to written examinations only.
- 9.5 The entering centre will be invoiced in due course.

## **10. SUSPECTED MALPRACTICE IN EXAMINATIONS/COURSEWORK**

- 10.1 If a centre discovers an irregularity in an examination or in coursework, full details of the case must be submitted to Examination Services, Edexcel, Room 221, Stewart House, 32 Russell Square, London WC1B 5DN as soon as possible.
- 10.2 A booklet 'Guidance for Dealing with Instances of Suspected Malpractice' has been issued to centres by the Joint Council for General Qualifications.

## **11. CONDUCTING AN EXAMINATION AT AN ALTERNATIVE SITE**

When a centre intends to conduct an examination for all candidates at an address other than that held by an Awarding Body, the JCGQ form 'Notification of Intent to Conduct AEA, GCE, VCE, GCSE, GNVQ and Entry Level Examinations at an Alternative Site' should be completed. A copy of the form may be found at the JCGQ website [www.jcgq.org.uk](http://www.jcgq.org.uk) (together with notes on how to complete the form). It is not to be used to inform JCGQ of any 'split' sites, consortium arrangements or transferred candidate arrangements.

## **12. CENTRE CONSORTIUM ARRANGEMENTS FOR CENTRE-ASSESSED WORK**

Form JCGQ/CCA 'Application for Centre Consortium Arrangements for Centre-assessed Work' must be used to notify Edexcel of a consortium of centres with joint teaching arrangements so that the candidates for each specification can be treated as single group for the moderation of centre-assessed work. It is required only if two or more member centres will be entering candidates for work that is centre-assessed.

**Appendix A**

**General Certificate of Education  
May/June 2004  
Stationery Requirements**

Day	Subject	Materials required for each paper
